

Meet Janet Paschal

Internationally acclaimed as a gifted songwriter, vocalist and author, Janet Paschal has ministered worldwide for more than two decades, occupying a place among the genre's top musical artists. One of today's most sought after and admired Christian artist, Janet has received multiple Grammy and GMA nominations. In 2005 she was named Diamond Awards Soloist of the Year. Known for her gentle humility, authentic warmth and engaging graciousness, Janet's sweet spirit has uniquely endeared her to the countless devoted fans who enthusiastically follow her career. Yet it is her unwavering faith that has been the greatest source of inspiration to all who have been blessed by her journey throughout the years.

Diagnosed with cancer in 2005, Janet came to experience an even more profound dimension of God's grace and strength. During those months of daunting illness, Janet sensed that God was broadening her scope of ministry. The result is a series of women's events and retreats which open the way for more personal, in-depth interaction with the many wonderful women Janet meets on tour.

This year, Bill Gaither will release a compilation of Janet's performances from the Homecoming video tapings titled, 'The Best of Janet Paschal.' Janet also returns to the studio for a new record project. Her longtime producer, Wayne Haun, will be spearheading her first ever hymns project, titled "Sounds Like Sunday."
